Designated Emphasis in Translational Research Bylaws
Administrative Home: Dean’s Office, School of Medicine
Created: April 2006
Graduate Council’s Approval Date: October 15, 2008

Article I - Objective

The Designated Emphasis Program in Translational Research (hereafter referred to as the DETR or the program) is organized primarily to indicate a specialization in Translational Research for established Ph.D. degree programs and the administrative home will be the Office of the Dean of the School of Medicine, in conformance with the rules of the Graduate Studies of University of California, Davis campus. Successful completion of this program will indicate that the recipient of the established Ph.D. degree has received additional training in translational research. These individuals will receive a DETR notation on their diploma and transcripts upon completion.

Article II – Membership

The Program will consist of those persons associated with the Davis campus qualified to guide candidates to degrees in biomedical-related areas of research. Program participants must be a member of an affiliated graduate group or department, have an active research program related to Translational Research, and be willing to participate in the program’s activities (qualifying examinations, seminars, social events, retreats, etc.).

Faculty can apply to the DETR program at any time. A request for DETR membership, stating that the bylaws have been read and will be upheld should be sent to the current DETR chair (with a copy to the DETR program coordinator). Membership will be determined by a majority vote of the Executive Committee of the program. An acceptance letter will be sent to the new DETR faculty member.

The Executive Committee will review one third of the membership each year, and continued membership will be contingent on participation in the program, as reflected in the following criteria:

1. Member in good standing in a DETR-affiliated graduate program.
2. Performance of services to the DETR program (must have fulfilled one or more duties over the previous three years):
   a. Act as the major professor for a pre-doctoral student in the DETR program
   b. Serve on the executive committee of the DETR
   c. Provide graduate-level instruction in the core DETR courses
   d. Serve on the qualifying examination committee as the DETR reviewer
   e. Attend the annual IMBS retreats (at least once within a three year period)
   f. Assist in outreach activities
   g. Other activities related to DETR function (e.g. active in the IMBS grant)
Termination of DETR faculty membership:
- At the request of the faculty member to the DETR chair (with a copy to the DETR program coordinator)
- Failure to meet the minimum activity for DETR membership during the previous three-year period will result in termination. Notification of impending termination will be issued six months before actual termination.
- A faculty member may reapply for membership after termination.

Membership Appeal Process:
- A faculty member may appeal the termination decision by submitting a letter to the Executive Committee outlining reasons for the appeal.
- Applicants denied membership or renewal of membership may make a final appeal to the Dean of Graduate Studies.

Article III - Organization & Administration

The administration of the program and its activities will be vested in an Executive Committee, consisting of three DETR faculty members. The Executive Committee will consist of the DETR Chair plus two faculty members elected by the faculty members of the program. The administrative home for the DETR is in the offices of the Dean, School of Medicine.

Article IV - DETR Program Chair

Appointment of the Chair:
The Dean of Graduate Studies will appoint the Chair of the Designated Emphasis in Translational Research in accordance with the policies and procedures of the Office of Graduate Studies.

The Executive Committee of the DE will act as the Chair Nominating Committee to solicit nominations from the faculty and students of the DE, determine whether the nominees are willing to serve, and solicit confidential comments from the DE faculty on the suitability of the candidates that are willing to serve.

The Executive Committee will forward the names of the candidates for Chair to the Dean of Graduate Studies along with all comments received from the group during the nomination and consultation process. All comments solicited from the group on Chair candidate suitability will be treated as confidential information by the DE and by the Office of Graduate Studies.

The Nominating Committee may express a preference and, if it does, should indicate the basis for determining that preference. The Associate Dean for Programs will interview the nominees and consult with the lead dean for the DE before forwarding a recommendation to the Dean of Graduate Studies for consideration for appointment. The normal term of the Chair’s appointment is three years, however what is recommended will be based on the candidates willingness to serve.
Duties of the Chair:
The DE Chair will (1) serve as Chair of the Executive Committee; (2) serve as graduate adviser; (3) provide overall academic leadership for the DE; (4) develop and implement policies for the DE; (5) represent the interests of the DE to the campus and University administrators; (6) call and preside at meetings of the Executive Committee and of the DE; (7) be responsible for coordinating all administrative matters with the Office of Graduate Studies; (8) be responsible for the accuracy of all publications related to the DE including web pages and catalog copy; (9) meet annually with the chairs of the affiliated programs.
